

Little garden pairs

A leaf, a seed, a little bee. Turn over two cards. Can you find the same garden word on both?

Matching game · Age 4+ · Players 2–4

You need

The 16 printed cards and scissors. An adult can cut out the cards before you play. Print on A4 paper at 100%.

How to play

1. Start with four pairs. Mix the eight cards and put them face down.
2. Take turns. Turn over two cards. If the words and marks match, keep the pair. If they are different, turn them face down again.
3. Stop when there are no cards left. Count your pairs together. Next time, try all eight pairs.

Another way to play

Play as one team. Leave a pair face up when you find it. Can you find the leaf again when all the pairs are on the table?

You can print the games for free for your family or the group you teach. To share a game, send a link to its page. Please ask us before selling copies or publishing the files elsewhere.
